The Compiler.

The result of the election in this county on Tuesday last, is given in an official form, in another part of this paper. That it is not what we expected, our readers need not be told; but we have a word or two to say in regard to the several causes which contributed to it.

Upon the closest inquiry, among gentlemen from all parts of the county, ever since the election, we are convinced that the aggregate number of Democrats who did not go to the polls is nearly or quite six hundred. Nearly all of these declared themselves with the free State idea, that there would be quite enough without them, to elect the Democratic ticket. This was especially the case in a number of heavy Democratic quarters, where the Opposition made no outward stir, and pretended to feel no interest in the contest. It became apparent near the close of election day, however, that the Opposition had been secretly aroused, and were turning out almost to a man. Notwithstanding the unpropitious weather, the Know Nothing and Black Republican force was fully marshaled. How this was done does not require a secret to divine. Money—yes, MONEY—was the leading instrument in the hands of the Opposition, assisted by the machinery of secret oath-bound Know Nothingism. That the Order met in several townships of the county in midnight convocations, and that there was a county gathering in this place before the election, we have now abundant cause for belief; and we are sanguine that sufficient facts will leak out to convince the public that the Order has a permanent existence in this county, to be used at every election.—The Opposition may deny this as vehemently as they will, we have in our possession a number of facts which they cannot explain away, and which want but a few links to complete a perfect chain of evidence.

Beside the money and secret machinery employed by the Opposition, their press and leaders pursued a course of falsehood and vituperation unparalleled in the political history of Adams county. Certainly we never before encountered so reckless and heartless an Opposition. Truth was utterly ignored by them, and fairness trampled under foot. Well, viewed in connection with a majority of the counties of the State, Adams might have done much worse; indeed, she holds her own among the best of them. That is some comfort.—As to the future, we have every thing to make us hopeful—we have the most abundant data for the conviction that Adams county has today a Democratic majority of some thousands. Next year it will be brought out, and the Opposition may make their calculations to fag in 1860 as they please.

Remember!

Democrats, that in 1854—but two years before the brilliant Democratic triumph which elevated JAMES BUCHANAN to the Presidency—Pennsylvania gave 37,000 Know Nothing majority, and elected 20 Opposition members of Congress, to 5 Democrats. Ohio that year elected all Opposition Congressmen—Indiana elected all Opposition—New York had but 5 Democrats to 28 Opposition—and New Jersey but 1 Democrat to 4 Opposition. In two years' time, however, the Democracy recovered and carried the Union—and in two years from this date, the Democracy WILL CARRY IT AGAIN.

Politics in Kansas.

The regular election for members of the legislature of Kansas is approaching, and the people are preparing for the contest. A division seems to have taken place among those who generally acted together in times past as free-State men, and new parties have been organized under the names of Black Republicans and free-State men. The latter held a convention at Wyandotte on the 20th ultimo for Leavenworth county, when the following platform was unanimously adopted:

"Inasmuch as the convention at Wyandotte, on the 15th inst., organized the Black Republican party, and under false and fraudulent pretences presented to the people of Leavenworth county a list of Black Republican candidates, in direct violation of the call of the free-State central committee of this county; therefore, we the conservative free-State men of Leavenworth county, do hereby put in nomination a ticket pledged to opposition to negro equality, the corruption of the last legislature, and now and over in favor of making Kansas a FREE STATE FOR THE WHITE RACE ALONE."

The following candidates were nominated:

Leavenworth—Adam Fisher, Fred. Brown, Wm. P. Gamble, Kickapoo—J. S. Parks, Delaware—James S. Hanford, Quindaro—P. T. Colby, Wyandotte—G. P. Nelson, Easton and Alexandria—G. R. Heuts, school commissioner, (county)—G. W. Hogeboom, territorial superintendent of schools—Perry Fuller, of Franklin county.

On the night of the 23d ult., a ratification meeting was held at Leavenworth, which was addressed by W. P. Gambell, G. W. McLane, Mr. Colby, of Quindaro, Adam Fisher, Fred. Brown, and others. The Leavenworth Ledger endorsed the action of the free-State men, and predicts the defeat and overthrow of the Black Republicans.

DEMOCRATS OF ADAMS, "AT THEM AGAIN!"

We have a sure majority of four hundred in this county, and let Tuesday last teach us a lesson of wisdom—let it teach us that Democrats cannot carry an election unless they vote! Staying at home never yet elected a ticket.

To the Democrats of Pennsylvania

We would say, be of good cheer!—The cloud which now hangs over our party is but the darkness which precedes the brighter dawn. The "sober second thought" of the people has always sustained the principles of Democracy, and it will continue to sustain them.

Our State Election.

The Philadelphia *Press*, of Wednesday, says:—It will not take many words to announce the result of the contest in our City and State yesterday. That is the plain truth with reference to the matter, and the party must look at it, and not flinch. The causes which produced this result we have not time to indicate at present. They are mostly local. Some of them we fear fraught with evil for the future. As to the general issues, that of a change in the Tariff was the most potent in the hands of the unscrupulous demagogues who headed the People's movement. They promised immediate relief to the working classes when that would suit their purposes; when stronger means were needed to effect their ends they did not scruple to present the alternative of voting the People's ticket or losing their places in the counting house, the manufactory or the workshop. This was a most powerful lever in their hands, as the returns from the manufacturing districts will show. As to the old, stale question of Kansas, that was almost forgotten. It was not heard of on the battle field, nor borne on the banners of the victors. Those who used it the most unexpectingly at the onset of the fight abandoned it at the pinch, and rested their whole case on local issues and the cry of protection to domestic industry. These are the main springs that moved the opposition during the contest, and produced the result which we chronicle to-day.

A Significant Question.

That sterling Democratic journal, the Philadelphia *Argus*, in alluding to the declaration of Forney's *Press* that the result of last Tuesday's election is attributable to the Lecompton question, says:—

Did Lecompton defeat William A. Porter? Is there a solitary individual in this State who knew before the election, or who knows now, whether Mr. Porter was for or against Lecompton, or wholly indifferent in relation to the matter? If there are such they are more fortunate than ourselves. We have over and over again expressed our regret that our candidates for office were so frequently satisfied to ride into the positions to which aspired—on the fence.

Remember!

Baltimore!

Another "election" mockery in the city of—Plugs! On Wednesday last, Swann was again "chosen" Mayor.—Col. A. P. Shutt, the Citizens' candidate, withdrew from the field at about 12 o'clock, to save the shedding of human blood, after which Swann received all the votes, logging up some 19,000 majority.

Ruffianism and outrage, of course, accompanied the "election." Several persons were shot, others severely beaten—among the latter Colonel Elijah Stansbury, formerly Mayor of Baltimore, and personally amongst the worst of the living men. Though advanced in years and lame from wounds received in defence of the city when assailed by a foreign enemy, Col. Stansbury was shamefully beaten on Wednesday, for no other provocation than an attempt to exercise his right to vote.

The card of Col. Shutt, withdrawing from the contest, is as follows:

Follow Citizens!—It is now clearly manifest that a deliberate purpose exists on the part of the Citizens' candidate, the Mayor of this city, to countenance the general combination which now prevails between the police and the armed bands of lawless men, to lay aside the opening of the ballot boxes held possession of the polls, to the exclusion of all voters opposed to Mayor Swann, and it being urged upon me by many of our best citizens that any persistent attempt to vote upon the part of my friends can only be attended with loss of the general interest of the city, I feel it my duty to yield to their judgment, and withdraw my name as a candidate for Mayor.

A. P. SHUTT.

Wednesday, Oct. 13, twelve o'clock, M.

And yet in this enlightened community—in this very town of Gettysburg—there are men looked upon as good citizens—good church-men—good Christians—who applaud this infamous and damning outrage upon the most sacred right of American citizens by Know Nothing bullies and assassins!

State Elections.

Pennsylvania.—The Know Nothings and Black Republicans have carried the State by probably 20,000 majority for Supreme Judge and Canal Commissioner, and have nineteen of the twenty-five Congressmen. The Legislature will probably stand—Senate, 17 Democrats to 16 Opposition—House 72 Opposition to 28 Democrats.

Philadelphia elects Florence, Dem., to Congress—the other three Opposition. J. G. J. Jones is defeated in Berks, by Schwartz, Ind. Dem., by 19 votes. H. J. Fisher is defeated in the York, Cumberland and Perry district, by Junkin, by 65 majority. York county elects the Democratic ticket, except Director, by some 200 majority. Cumberland elects the Democratic county ticket by 150, except the Sheriff, whom the Opposition carry. Franklin and Fulton elect Nill and McClure to the Legislature. Thaddeus Stevens is chosen to Congress from Lancaster county by a large majority.

Ohio goes for the Republicans, of course. They elect their State ticket, and 16 of the 21 Congressmen.

In Indiana the Democrats lose two members of Congress. Hon. Wm. H. English is re-elected.

South Carolina elects all Democrats to Congress—six members.

It will be seen by the official figures, that WILSON REELEY, the Democratic candidate for Congress, CHARLES WILK, for Assembly, and JAMES KIRK, for Auditor, are defeated. These gentlemen deserved a better fate—but the brazen-faced and persistent misrepresentation and mendacity of the Opposition it seems the people were not prepared to resist. That all Democrats who contributed to the success of the Opposition in these particulars, will have cause to regret it, we hesitate not to believe. Time teaches some severe lessons, and it will not fail in this instance.

To show how determined the Opposition here were to carry the election on Tuesday last, we need but mention the fact that a Know Nothing, who, the whole town knew, had lost his residence by removing to Maryland, was permitted to vote by the officers of his party, in the face of earnest remonstrances of citizens against it. The voter himself openly acknowledged, (before and after the election,) that he had no right to vote! A striking commentary this upon Know Nothing fairness.

Notwithstanding our repeated warnings on the subject, we have reason to believe that a number of voters were deceived by the spurious tickets circulated by the Opposition.

Florida Election.

WASHINGTON, Oct. 12.—The returns of the recent election in Florida give Hawkins, Dem., for Congress, 2,000 majority. Walker, Dem., for State Register, was unopposed. The Legislature is largely Democratic.

Municipal Election.

SAVANNAH, October 12.—The municipal election here yesterday resulted in the success of the Democrats. They elected their mayor and aldermen by a large majority.

It is said that Capt. Meigs has negotiated with a company at Philadelphia, N. J., for a large portion of the iron pipes needed for the Washington Aqueduct.

However, he organized a Cometary Company.

Town & County Affairs.

Pastoral.

The charge of the Rev. Jacob Ziegler, Minister of the German Reformed Church, of this place, was divided in July last, by a Committee appointed by Classis. After the division, the Gettysburg Congregation, in connection with Plöhr's and Mark's Congregations, extended to him a unanimous call, with the offer of an increase of salary; but he declined to accept, preferring to confine his labors to the country charge, having also received a call from the Congregation at Ayrondsville, Bender's, &c. He will continue to reside in Gettysburg.

Mr. Ziegler has been the Pastor of the Congregation here for nine years, during which period he discharged his duties most acceptably, endeavoring himself to his people, and winning the esteem of all our citizens. That he has felt it his duty to labor in a field other than this, is generally regretted, in and out of the Congregation.

The Railroad.

The rock cut west of Golden's Station was finished last week, and the track is being laid through it. About one mile of track has already been put down this side of the cut. The arrival of "the Locomotive" here, before many weeks, may be confidently looked for.

Improvements.

Mr. John Hoke's large three-story brick Warehouse is completed, and he is prepared to receive Grain and all other kinds of produce. The building is admirably designed for the purpose—judges pronounce it among the best in the State.

Messrs. Klinefelter & Co's Warehouse is also finished—a convenient and commodious structure.

The foundations for the Engine House, on the Railroad, are up, and those for the Company's Warehouse nearly so. A few weeks of good weather will serve for the completion of these buildings. The lot for the Passenger Station is being "dug down."

Messrs. Sheads, Buchler & Kurtz's Warehouse is going up rapidly, and promises to be a "No. 1" building when finished.

New Oxford.

New houses are still going up at New Oxford, and business continues to improve. Dr. Pfeiffer's College has been newly painted, adding much to its appearance. A gentleman of that place says that productions are becoming rather common. Men roasts are robbed, corn cribs relieved of portions of their contents, gardens stripped, wood houses entered, and other acts of like character committed, almost beyond endurance.

Serious Accident.

On Monday afternoon week, while Mr. M. SHERMAN, of Littlestown, this county, and widow of Mr. Andrew M. Sherry, was returning to her home from this place, in company with Mr. Jacob Sanders, the wheel ran off the carriage in which she was riding at the south end of town, frightening the horse, and throwing the inmates to the ground.—Mrs. M. Sherry was so badly bruised that it was first thought she could not survive her injuries. She was brought back to town to the house of her brother, Mr. Jacob Norbeck, where she has been kindly cared for. Her injuries have not proved as dangerous as at first supposed.

Property Sold.

The Worman Mill property, about one mile from New Oxford, was sold at public sale, on Saturday last, by Sheriff Lightner, for \$12,184 84 or \$50 00 per acre. James Gitt purchaser.

Messrs. Henry and Samuel Thomas, as Administrators, sold, on Saturday last, the Farm of the late Philip Thomas, in Straban township, at \$37 12 per acre. Silas Fickes purchaser.

The large three-story House belonging to the Bank of Gettysburg, on the south east corner of the Public Square, was sold week before last, to David Wills, Esq., for \$5,500.

The brick dwelling of Mrs. Agnew, in Baltimore street, to Mr. John McCullough, of Hamiltonban, for \$1,000.

The property of Mrs. Sell, in Baltimore street, to the Misses Rowe, of Emmittsburg, for \$800.

The brick dwelling of Mr. John Brown in High street to Mr. Jesse Bucher, of Straban, for \$600.

The farm of Joseph Wible, (late Stall-smith's) in Straban township, containing 183 acres, to Mr. Wolf, of Dauphin county, at \$36 cash per acre.

Messrs. Valentine and John Warner have purchased a lot adjoining A. B. Kurtz's, on Carlisle street, upon which they immediately erect a handsome residence.

Mr. James Foster has purchased, for \$500, the Wampler lots, on Washington street—except thirty feet, secured by Mr. Daniel Laabel. Both will build shortly.

Mr. Israel Yount has leased the new Hotel, on the Railroad—to occupy it soon.

According to Hall's computation, the Comet will be nearest the earth on Wednesday next.

Advertisements should bear in mind that The Compiler has by hundreds the largest circulation of any paper published in Adams county.

The Result in the County.

The result of the election in this county on Tuesday last, is given in an official form, in another part of this paper. That it is not what we expected, our readers need not be told, but we have a word or two to say in regard to the several causes which contributed to it.

Upon the closest inquiry, among gentlemen from all parts of the county, ever since the election, we are convinced that the aggregate number of Democrats who did not go to the polls is nearly or quite six hundred. Nearly all of these, deluded themselves with the idea that there would be quite enough without them, to elect the Democratic ticket. This was, especially, the case in a number of heavy Democratic quarters, where the Opposition made no outward stir, and pretended to feel no interest in the contest. It became apparent near the close of election day, however, that the Opposition had been secretly aroused, and were turning out almost to a man. Notwithstanding the unpropitious weather, the Know Nothing and Black Republican force was fully marshaled. How this was done does not require a secret to divine. Money—yes, MONEY—was the leading instrument in the hands of the Opposition, assisted by the machinery of secret and bound Know Nothingism. That the Order met in several townships of the county in midnight convulsions, and that there was a county gathering in this place before the election, we have no abundant cause for belief; and we are sanguine that sufficient facts will leak out to convince the public that the Order has a permanent existence in this county, to be used at every election.

A Significant Question.

That sterling Democratic journal, the Philadelphia Argus, in alluding to the declaration of Forney's Press that the result of last Tuesday's election is attributable to the Leocompton question, says: Did Leocompton defeat William A. Porter? Is there a solid individual in this State who knew before the election, or who knows now, whether Mr. Porter was for or against Leocompton, or who is in relation to the matter? If there are such they are more fortunate than ourselves. We have over and over again pressed our regret that our candidates for office were so frequently satisfied to ride upon the positions to which aspired—on the fence.

Remember!

Democrats, that in 1851—but two years before the brilliant Democratic triumph which elevated James Buchanan to the Presidency—Pennsylvania gave 37,000 Know Nothing majority, and elected 20 Opposition members of Congress, to 3 Democrats. Ohio that year elected all Opposition Congressmen—Indiana elected all Opposition also—New York had but 5 Democrats to 28 Opposition—and New Jersey but 1 Democrat to 1 Opposition. In two years' time, however, the Democracy recovered and carried the Union—and in two years from this date, the Democracy will carry it again.

Politics in Kansas.

The regular election for members of the legislature of Kansas is approaching, and the people are preparing for the contest. A division seems to have taken place among those who generally acted together in times past as free State men, and now parties have been organized under the names of Black Republicans and free-State men. The latter held a convention at Wyandotte on the 20th ultimo for Leavenworth county, when the following platform was unanimously adopted:

"Inasmuch as the convention at Wyandotte, on the 15th inst., organized the Black Republican party, and under false and fraudulent pretenses presented to the people of Leavenworth county a list of Black Republican candidates, in direct violation of the call of the free-State central committee of this county, therefore, we the conservative free-State men of Leavenworth county, do hereby put in nomination a ticket pledged to opposition to negro equality, the corruption of the last legislature, and now and ever in favor of making Kansas a FREE STATE FOR THE WHITE RACE ALONE."

The following candidates were nominated: Leavenworth—Adam Fisher, Fred Brown, Wm. P. Gamble, Kickapoo, Pascal S. Parks; Delaware—James S. Hanford; Quindaro—P. T. Colby; Wyandotte—G. P. Nelson; Easton and Alexandria—G. R. Houts; school commissioner, (county)—G. W. Hogeboom; territorial superintendent of schools—Perry Fuller, of Franklin county.

On the night of the 23d ult., a ratification meeting was held at Leavenworth, which was addressed by W. P. Gambell, G. W. McLane, Mr. Colby, of Quindaro, Adam Fisher, Fred Brown, and others. The Leavenworth Ledger endorsed the action of the free-State men, and predicts the defeat and overthrow of the Black Republicans.

Democrats of Adams, "AT THEM AGAIN!"

We have a sure majority of four hundred in this county, and let Tuesday last teach us a lesson of wisdom—let it teach us that Democrats cannot carry an election unless they vote! Staying at home never yet elected a ticket.

To the Democrats of Pennsylvania we would say, be of good cheer! The cloud which now hangs over our party is but the darkness which precedes the brighter dawn. The "sober second thought" of the people has always sustained the principles of Democracy, and it will continue to sustain them.

The Baltimore Cattle Show will commence to-morrow, and close on Friday.

Our State Election.

The Philadelphia Pennsylvania, of Wednesday, says:—It will not take many words to announce the result of the contest in our City and State yesterday. That is the plain truth with reference to the matter, and the party must look at it, and not flinch. The causes which produced this result we have not time to indicate at present. They are mostly local. Some of them we fear fraught with evil for the future. As to the general issues, that of a change in the Tariff was the most potent in the hands of the unscrupulous demagogues who headed the People's movement. They promised immediate relief to the working classes when that would suit their purposes, when stronger means were needed to effect their ends they did not scruple to present the alternative of voting the People's ticket or losing their places in the counting house, the man of industry or the workshop. This was a most profitable lever in their hands, as the returns from the manufacturing districts will show. As to the old, stale question of Knows, that was almost forgotten. It was not heard of on the battle field, nor borne on the banners of the victors. Those who used it the most unparalytically at the onset of the fight abandoned it at the pinch, and resented it on whole case on local issues and the cry of protection to domestic industry. These are the main springs that moved the opposition during the contest, and produced the result which we chronicle to day.

Democrats of Adams, "AT THEM AGAIN!"

We have a sure majority of four hundred in this county, and let Tuesday last teach us a lesson of wisdom—let it teach us that Democrats cannot carry an election unless they vote! Staying at home never yet elected a ticket.

To the Democrats of Pennsylvania we would say, be of good cheer! The cloud which now hangs over our party is but the darkness which precedes the brighter dawn. The "sober second thought" of the people has always sustained the principles of Democracy, and it will continue to sustain them.

Baltimore!

Another "election" mockery in the city of—Plugs! On Wednesday last, Swann was again "chosen" Mayor—Col. A. P. Smith, the Citizens' candidate, withdrew from the field at about 12 o'clock, to save the shedding of human blood, after which Swann received all the votes, footing up some 19,000 majority.

Ruffianism and outrage, of course, accompanied the "election." Several persons were shot, others severely beaten—among the latter Colonel Ellyth Stansbury, formerly Mayor of Baltimore, and personally amongst the worst of the living men. Though advanced in years and lame from wounds received in defence of the city when assailed by a foreign enemy, Col. Stansbury was shamefully beaten on Wednesday, for other provocation than an attempt to exercise his right to vote.

The card of Col. Smith, withdrawing from the contest, is as follows: I, John C. Smith, being now clearly manifested that a deliberate purpose exists on the part of the Opposition to continue the contest, and that no compromise will be made, I have decided to withdraw my name as a candidate for Mayor.

Wednesday, Oct. 17, 1858.

And yet in this enlightened community—in this very town of Gettysburg—there are men looked upon as good citizens—good church men—good Christians—who applaud this infamous and damming outrage upon the most sacred right of American citizens by Know Nothing bullies and assassins!

State Elections.

Pennsylvania.—The Know Nothings and Black Republicans have carried the State by probably 20,000 majority for Supreme Judge and Canal Commissioner, and have met with the twenty-five Congressmen. The Legislature will probably stand—Senate, 17 Democrats to 16 Opposition—House 72 Opposition to 28 Democrats.

Philadelphia elects Florence, Dem., to Congress—the other three Opposition. J. C. Jones is elected in Berks, by Schuylkill, Ind. Del., by 19 votes. J. L. Fisher is defeated in the York, Cumberland and Perry districts, by Junkin, by 65 majority. York county elects the Democratic ticket, except Director, by some 200 majority. Cumberland elects the Democratic ticket by 150, except the Sheriff, whom the Opposition carry. Franklin and Fulton elect Will and McClure to the Legislature. Thunders Stevens is chosen to Congress from Lancaster county by a large majority.

Ohio goes for the Republicans, of course. They elect their State ticket, and 16 of the 21 Congressmen.

In Indiana the Democrats lost two members of Congress. Hon. Wm. H. English is re-elected.

South Carolina elects all Democrats to Congress—six members.

It will be seen by the official figures, that Wilson, of the Democratic ticket, for Congress, CHARLES WILSON, for Assembly, and Jacob Kirtz, for Auditor, are defeated. These gentlemen deserved a better fate—but the brazen faced and persistent misrepresentation and mendacity of the Opposition it seems the people were not prepared to resist. That all Democrats who contributed to the success of the Opposition in these particulars, will have cause to regret it, we hesitate not to believe. Time teaches some severe lessons, and it will not fail in this instance.

To show how determined the Opposition here were to carry the election on Tuesday last, we need but mention the fact that a Know Nothing, who, the whole town knew, had lost his residence by removing to Maryland, was permitted to vote by the officers of his party, in the face of earnest remonstrances of citizens against it. The voter himself openly acknowledged, (before and after the election,) that he had no right to vote! A striking commentary upon Know Nothing fairness.

Notwithstanding our repeated warnings on the subject, we have reason to believe that a number of voters were deceived by the spurious tickets circulated by the Opposition.

Democrats of Adams, pick your flints and keep your powder dry, and another year will witness the thorough defeat of the enemy—horse, foot and dragons!

Florida Election.

Washington, Oct. 12.—The returns of the recent election in Florida give Hawkins, Dem., for Congress, 2,000 majority. Walker, Dem., for State Register, was unopposed. The Legislature is largely Democratic.

Municipal Election.

SAVANNAH, October 12.—The municipal election here yesterday resulted in the success of the Democrats. They elected their mayor and aldermen by a large majority.

It is said that Capt. Meigs has negotiated with a company at Philadelphia, N. J., for a large portion of the iron pipes needed for the Washington Aqueduct.

Hanover has organized a Cemetery Company.

Town & County Affairs.

Pastoral.

The charge of the Rev. Jacob Zier, Minister of the German Reformed Church, of this place, was divided in July last, by a Committee appointed by Classes. After the division, the Gettysburg Congregation, in connection with Flob's and Mark's Congregations, extended to him a unanimous call, with the offer of an increase of salary, but he declined to accept, preferring to confine his labors to the country charge, having also received a call from the Congregations at Gettysburg, Bender's, &c. He will continue to reside in Gettysburg.

Mr. Ziegler has been the Pastor of the Congregation here for nine years, during which period he discharged his duties most acceptably, endeavoring himself to his people, and winning the esteem of their citizens. That he has felt it his duty to labor in a field other than this, is generally regretted, and out of the Congregation.

The Railroad.

The rock cut west of Golden's Station was finished last week, and the track is being laid through it. About one mile of track has already been put down this side of the cut. The arrival of "the Locomotive" here, before many weeks, may be confidently looked for.

Improvements.

Mr. John Hoke's large three story brick Warehouse is completed, and he is prepared to receive to an and all other kinds of produce. The building is admirably designed for the purpose—judges pronounce it among the best in the State.

Messrs. Klinefelter & Co's Warehouse is also finished—a convenient and commodious structure.

The foundations for the Engine House, on the Railroad, are up, and there for the Company's Warehouse—these so. A few weeks of good weather will serve for the completion of these buildings. The lot for the Passenger Station is being "dug down."

Messrs. Shadys, Bucher & Kutz's Warehouse is going up rapidly, and promises to be a "No. 1" building when finished.

New Oxford.

New houses are still going up at New Oxford, and business continues to improve. Dr. Pfeiffer's College has been newly painted, adding much to its appearance.

A gentleman of that place says that predictions are becoming rather common. Men roasts are roasting, corn cribs relieved of portions of their contents, and such things, wood houses entered, and other acts of like character committed, almost beyond endurance.

Serious Accident.

On Monday afternoon week, while Mrs. M. M. M., of Little-town, this county, and widow of Mr. Andrew M. Sherry, was returning to her home from this place, in company with Mr. Jacob Sanders, the wheel ran off the carriage in which she was riding at the south end of town, frightening the horse, and throwing the inmates to the ground—Mrs. M. Sherry was so badly bruised that it was first thought she could not survive her injuries. She was brought back to town to the house of her brother, Mr. Jacob Norbeck, where she has been kindly cared for. Her injuries have not proved as dangerous as at first supposed.

Property Sold.

The Woman Mill property, about one mile from New Oxford, was sold at public sale, on Saturday last, by Sheriff Lightner, for \$12,104 34—or \$50 06 per acre. James Gitt purchaser.

Messrs. Henry and Samuel Thomas, as Administrators, sold, on Saturday last, the Farm of the late Philip Thomas, in Straban township, at \$37 12 per acre. Silas Fickes purchaser.

The large three story House belonging to the Bank of Gettysburg, on the south east corner of the Public Square, was sold week before last, to David Wills, Esq., for \$5,500.

The brick dwelling of Mrs. Agnes, in Baltimore street, to Mr. John McCullough, of Hamiltonburg, for \$4,900.

The property of Mrs. Sell, in Baltimore street, to the Misses Rowe, of Emmitsburg, for \$800.

The brick dwelling of Mr. John Brown in High street to Mr. Jesse Bucher, of Straban, for \$600.

The farm of Joseph Wible, (late Stall-smith's) in Straban township, containing 183 acres, to Mr. Wolf, of Dauphin county, at \$36 cash per acre.

Messrs. Valentine and John Warner have purchased a lot adjoining A. B. Kurtz's, on Carlisle street, upon which they will immediately erect a handsome residence.

Mr. James Foster has purchased, for \$500, the Wampler lots, on Washington street—except thirty feet, secured by Mr. Daniel Lashel. Both will build shortly.

Mr. Israel Yount has leased the new Hotel, on the Railroad—to occupy it soon.

According to Hall's computation, the Comet will be nearest the earth on Wednesday next.

Advertisers should bear in mind that The Compiler has by hundreds the largest circulation of any paper published in Adams county.

The Celebration at Mt. St. Mary's College.

The Semi-Centennial Anniversary of the foundation of Mt. St. Mary's College near Emmitsburg, was celebrated at that Institution, on Wednesday, the 6th of October inst., in a manner worthy the extraordinary occasion. Archbishop Hughes, of New York, and Bishops McCloskey, of Albany, Laughlin, of Brooklyn, Elder, of Natchez, Carroll, of Conyngham, Kentucky, McFarland, of Providence—all of whom were former students of Mt. St. Mary's—and Bishop Wood, of Philadelphia, were present upon the platform, with many of the oldest students of the institution, among whom were Capt. Sexton, of the

The Balloon Race—Day Fixed and Terms Agreed Upon.

The balloon race between two of the most celebrated aeronauts in the world, Mons. Godard and Prof. Steiner, will take place on Monday, the 18th instant. The inflation of the balloons, each containing 30,000 cubic feet of gas, will commence at 9 o'clock in the morning, and the ascensions will take place at 4 o'clock precisely. A committee of five well-known citizens have been chosen, who are to act as judges, &c. They will decide whether the weather in the morning shall justify the inflation of the balloons. When the inflation has commenced the aeronauts must go. Each may take up a passenger, at his own discretion. The success of either will be in relation to distance, not height. Arrangements will be made for each aeronaut to send down, at every town passed, in a parachute, a "log," or note, containing the name of the balloon which passes, and any incident occurring on the trip, which will be sent by telegraph, so that the citizens here and elsewhere may be continually posted of the whereabouts of the aeronauts, and the success attending their aerial flight. Mons. Godard and Prof. Steiner each expect to be up three or four days.

Alleged Fulfillment of Two Dreams.

A correspondent of the Missouri Republican relates a singular instance of the alleged fulfillment of dreams. A Mr. K—, of this city, about a year since, had a dream that there was a spring near Alton, or Altona, in Illinois, that would cure him of a painful disease with which he had been afflicted for five years. On the morning after the dream Mr. K—'s wife told him she was much troubled at not recollecting something that she had dreamed would cure him. Struck with this coincidence, he wrote to the postmaster of Alton, of which place he had not heard before, to make inquiries into the matter, and the result was he learned that there was such a spring, on the farm of Major Long, at a place once called Altona, and long known for the virtues of its mineral waters. Thither the invalid went, and by a judicious use of the waters, diet, and exercise, he improved so rapidly in health that in the course of five weeks he could walk ten miles, and he was speedily restored to a state of robust health.

Two Deaths from one Murder.—The case of Jacob, the Pittsburgh wife murderer, is to be tried next week. As there was some doubt as to the manner in which the deceased met her death, the body was exhumed, and a bullet found imbedded in the brain. Jacob's sister, who resides in Germany, being informed of the murder, and also that her brother would be executed, was so fearfully agitated that she immediately expired.

HOLLOWAY'S PILLS.—The popularity of this unrivaled alterative and aperient is overwhelming and throwing the whole of other preparations purporting to be cathartics into disrepute. Family of every condition in life, and in every section of the country, are adopting Holloway's Pills as the sole remedy for complaints of the stomach, liver, and bowels, and discharging all the duties which they once placed on others. These are grand results, which control and regulate the circulation, the circulation, and the whole alimentary system, conquer humors, purify the blood, and induce a healthy condition which have heretofore been difficult to attain.

QUEEN ISABELLA IN A COAL PIT.—Her Majesty of Spain recently visited a coal mine, and was so much interested in the work, that she proceeded down three hundred yards, partly under the sea, and there marked her initials with a tall candle on a rock. Her Minister of State who has travelled much, wrote under the initials with his candle, as follows: "The best and most elegant garments in the world, are those made at the Brown Stone Clothing Hall, of Rockhill & Wilson, Nos. 600 and 602 Chestnut Street, above Sixth, Philadelphia." (Oct. 11, 1858.)

Chambersburg and Hagerstown Railroad.

The work on the railroad from Chambersburg to Hagerstown is rapidly progressing. When this is completed, it is anticipated a further branch will be made to connect with the Baltimore and Ohio Railroad. The distance from Hagerstown to the Baltimore and Ohio will not exceed some 14 or 15 miles. The country is level and the road will need but very little grading. The turnpike is sufficiently wide for one track of railroad along its side and still leave ample room for all turnpike travel. —Harrisburg Union.
